<b>Helpful</b>	
<input checked="" type="checkbox"/> He has a strong understanding of the subject	
<input checked="" type="checkbox"/> Instructor takes the time to explain and answer questions. He takes everyone's	

questions seriously.

 Some of the topics in this course were not at all easy for me. I visited the instructor during his office hours, and he patiently and clearly helped me to understand the topic.

### Suggestions

 Honestly, I can find no fault. Maybe more programming and less math, but that's personal preference and may not fit the course objectives.
